

Healthy Popsicles! I'm so making these for my kiddos...if the weather ever decides to warm up! Lol

Ingredients:

3 cups watermelon puree (seedless if possible)

1/2 cup fresh blueberries

1/2 cup chopped fresh strawberries

1 kiwi, peeled and sliced

1 peach or nectarine, diced small

handful fresh cherries, pitted and chopped

Cut the watermelon into chunks and then puree it in a blender until smooth. Set aside.

Set out about 1 dozen popsicle molds (amount needed will vary depending on size of molds). Fill each one with the chopped fresh fruit. Then pour in the watermelon puree until each mold is full to the top. Place a popsicle stick into each one. Place into your freezer and freeze for about 6 to 8 hours.

When ready to serve, run the popsicle molds under warm water for a few seconds and then pull each one out.
